If it issues a permit after making such determination, the Commission shall impose such conditions as it determines are necessary or desirable for protection of those interests, and all work shall be done in accordance with those conditions. The conditions may include a condition that certain land or portions thereof not be built upon or altered, filled or dredged, that streams may not be diverted, dammed or otherwise disturbed. The Commission may in its rules and regulations provide such definitions of terms used in this bylaw as it deems useful in order to carry out its obligations under this bylaw.

SECTION 6. BURDEN OF PROOF

The applicant shall have the burden of proving by a preponderance of the credible evidence that the work proposed in the application will contribute to the interests protected by this Bylaw. Failure to provide adequate evidence to the Commission supporting a determination that the proposed work will contribute to the interests protected by this Bylaw shall be sufficient cause for the Commission to deny a permit or grant a permit with conditions, or, in the Commission's discretion, to continue the hearing to another date to enable the applicant or others to present additional evidence. Due consideration shall be given to any demonstrated hardship of the petitioner by reason of a denial, as brought forth at the public hearing. *(amended 5/21/2003)*

SECTION 15. PERFORMANCE APPRAISAL

- a. Definition: Performance appraisal is the continuous process by which an employee of the Town is informed of the supervisor's performance requirements and of how the employee performance is viewed by the supervisor in relation to those requirements.
- b. Performance Requirements: The level of performance required of an employee by the supervisor expressed in terms of quantity and quality of finished work, the cooperativeness and dependability which is required for a satisfactory rating in the position to which the employee is officially assigned. For supervisors the performance requirements also include the level of effectiveness in developing subordinate employees.

ARTICLE 11. PERSONNEL ADMINISTRATION

- c. Performance Rating: Each town employee covered by this bylaw shall receive annually a written evaluation of his/her performance for the preceding calendar year. All employees will be rated on four factors: quantity, quality, cooperativeness and dependability. In addition, supervisors, other than boards or elected officials, will be rated on their ability to develop subordinate employees. Department heads may add other appropriate evaluation factors.
- d. Performance Rating Process: Using the evaluation forms provided, each supervisor of town employees will annually complete three (3) copies of the evaluation form by January 30. The supervisors must then sit down with the employee, give him/her a personal copy of the evaluation form and discuss the reasons for the ratings. Ratings may be changed during this discussion if the employee relates information about his/her performance that was not considered by the supervisor. At the conclusion of this discussion, the supervisor will give the employee an opportunity to comment orally and/or in writing and have the employee sign the bottom of the form to acknowledge participation in the review and receipt of the rating. The supervisor will forward a copy of the rating form to the Board of Selectmen for its review and for filing in the employee's official personnel folder. A copy of the rating form will be kept in the personnel folder for a period of one (1) year or until a new performance rating is completed for the employee. Employee performance ratings are to be kept confidential and are to be used only by officials authorized by the Board of Selectmen.
- e. Purpose and Uses of the Evaluation: The performance evaluation process is a valuable tool for improving employee productivity by informing employees of noted strengths and weaknesses and for giving clues on how to improve future performance. The employee performance rating may be used when promotions are being considered and for consideration for step increases.
- f. Unsatisfactory Performance: If an employee is given an unsatisfactory evaluation at any time following prior warning of deficiency, then consideration should be given toward removal, reassignment or demotion of the employee.
- g. Outstanding Performance: To receive an outstanding performance evaluation an employee must be rated exceptional in each of the rating elements. An outstanding rating should be considered unusual and is reserved for those employees who perform above and beyond normal expectations of performance. An outstanding rating gives eligibility for a quality step increase in pay not limited by time in grade and for official recognition of the employee by the Board of Selectmen.

SECTION 16. MAINTAINING DISCIPLINE

- a. It is expected that town employees will obey the town bylaws and the lawful orders of their supervisors, give a full day's work for a full day's pay and that they adhere to high standards of conduct. Disciplinary action may be taken against town employees for violations as set forth below.

ARTICLE 11. PERSONNEL ADMINISTRATION

- b. Principles: The maintenance of good discipline among town employees and the handling of disciplinary actions, when required, are to be carried on in accordance with the following principles:
- (1) Primary emphasis is to be placed on positive action by supervisors to prevent situations requiring disciplinary actions.
 - (2) Employees are expected to adhere to high standards of conduct. When they violate rules, regulations or standards of conduct, they will be dealt with promptly and on a fair and equitable basis.
 - (3) Disciplinary actions should be consistent with the principle of like penalty for like offense with due consideration for the employee's past record and any other circumstances that, in the exercise of reasonable judgment, detract from or add to the seriousness of the offense.
- c. Disciplinary Actions (from least severe to most severe)
- (1) Oral reprimand, or telling an employee specifically of undesirable behavior, and suggesting how it may be corrected. Many of the more severe actions could be prevented when the verbal reprimand is used in a positive manner. By avoiding a situation and saying nothing, a supervisor may be supporting behavior which results in a more serious and unpleasant problem later.
 - (2) Letter of admonishment, or notifying the employee that behavior must improve. This letter does not go into the employee's personnel file and is signed by the supervisor or other official in the unit.
 - (3) Letter of reprimand, in writing to the employee through official channels. The letter of reprimand is kept in the employee's personnel file for a period of three years and is signed by the supervisor.
 - (4) Suspension, or removing the employee from pay status for a designated period of time. One day is usually the minimum period of suspension, and for repeated offenses the period is increased to a maximum of thirty (30) days.
 - (5) A.W.O.L. (Absence Without Official Leave). A supervisor may take action to place an employee in a non-pay status for unauthorized absence.
 - (6) Reduction in rank or compensation, or demoting an employee to a lower paying job for the good of the Town.
 - (7) Discharge, or firing an employee from employment for the good of the Town. In a few cases it may be the first action taken because the offense may be of such seriousness that no other action is feasible. Where it is taken as a result of behavior that the employee has

ARTICLE 11. PERSONNEL ADMINISTRATION

not corrected over a period of time, it should be the last measure after one or more penalties have not produced the corrective results. Discharge or firing of an employee must be approved by the Board of Selectmen. Such action may be taken only after the employee is given a statement of the reasons for the discharge or firing and only after the employee is afforded a hearing before the Board of Selectmen with respect to such statement of reasons, at which hearing the employee may have counsel or a representative of his own choosing present for the purpose of advising him but not for the purpose of active participation.

SECTION 17. GRIEVANCE PROCEDURE

- a. Any dispute arising in connection with wages, hours of work and other conditions of employment, or out of the interpretation of application of the provisions set forth in the town Personnel Administration Bylaws is grievable.
- b. Any grievance that may arise will be discussed promptly and the parties will diligently cooperate in an effort to adjust said grievance at the earliest possible time.
- c. Any grievance must be filed within fourteen (14) calendar days of the event upon which the grievance is based or from the date when the employee should have had knowledge of the event or shall be deemed null and void.

d. General Process

An employee grievance shall be filed in writing with the department head or the appropriate grievance hearing officer.

A hearing will take place within ten (10) working days from the hearing officer's receipt of the grievance, unless circumstances or conditions reasonably warrant an extension of the grievance hearing date, as determined by the hearing officer. ARTICLE 11. PERSONNEL ADMINISTRATION

SECTION 20. CLASSIFICATION AND SALARY PLAN

a. The positions of all employees of the Town, except those filled by popular election, those under the control of the School Committee and those covered by collective bargaining agreements, shall be classified by titles. Those employees who hold Hourly Rate Positions shall also be classified by groups. Each group shall include those positions which involve substantially similar work or which have substantially equal responsibilities. These titles and groups are set forth in the schedules referred to in clause h. of this section. The title of any position shall be

used to designate that position in all payrolls, budget estimates, official reports, records or other matters involving the personnel or fiscal processes of the Town.

b. The minimum, maximum and range of salaries, or the single rate salaries, for the groups and positions in this plan are to be established by the vote of the Town in town meeting and are set forth in the schedules referred to in clause h. of this section. The minimum salary set for a position shall be the starting salary for that position, unless the Board of Selectmen authorizes a higher starting salary within the applicable range. To authorize a higher starting salary, the Board of Selectmen shall consider the recommendations of the department head or other administrative authority, supported by evidence of exceptional circumstances satisfactory to the Board. Except as provided below, in order to advance to the next step in a salary range, an employee will have to have been continuously employed in the position as described below for the following periods of time:

Minimum to Step 1	One Year at Minimum
Step 1 to Step 2	Two Years at Step 1
Step 2 to Step 3	Two Years at Step 2
Step 3 to Maximum	Three Years at Step 3

(amended 5/1/95)

An employee may be advanced to the next step in a range without regard to the time provisions upon receipt of an outstanding performance appraisal, with the written approval of the Board of Selectmen. Temporary employees shall be paid the minimum salary set for the position, regardless of amount of time in the position, unless the Board of Selectmen authorize a higher step based on the experience and qualifications of the employee.

c. No person may be appointed, employed or paid as an employee of the Town in any position subject to the Classification and Salary Plan

- (1) under any position title, or titles, other than those in the Classification and Salary Plan;
- (2) under a position title other than that of the position, or positions, the duties of which the person actually performs;
- (3) at a salary, or rate, other than that set in the salary schedule for the position, or positions, the duties of which the person actually performs; nor

ARTICLE 11. PERSONNEL ADMINISTRATION

- (4) unless the Board of Selectmen has determined that the employment of such person is consistent with all provisions of this bylaw.
- d. Every three years, or more often if it appears advisable, the Board of Selectmen shall appoint a Personnel Advisory Committee to review
 - (1) all positions subject to the Classification and Salary Plan to determine whether each group continues to include those positions which involve substantially similar work or which have substantially equal responsibilities, and
 - (2) the Classification and Salary Plan to determine whether it sets forth fair and equitable pay levels.

After each review, the committee shall report to the Board of Selectmen, and the Selectmen shall report to the Town the actions considered advisable. The Board of Selectmen may temporarily add a new position to the Classification Plan or reclassify an existing position to a different group. Any such action shall cease to be effective after the close of the next following town meeting, unless adopted by an amendment to the Classification and Salary Plan at that meeting. Nothing herein shall be interpreted as limiting the authority of the Board of Selectmen to recommend to the town meeting changes in the Classification and Salary Plan whether or not a Personnel Advisory Committee is appointed pursuant to this section.

- e. This Classification and Salary Plan may be amended by majority vote at a town meeting. Amendments to the Classification and Salary Plan voted at a town meeting shall be effective on the next succeeding July first unless the vote of the town provides otherwise, provided, however, that those amendments which confirm a temporary classification change as ordered by the Board of Selectmen shall be effective immediately.
- f. It shall be the responsibility of each department head, or other appropriate supervisory authority, to write a position description for each of his/her subordinates and to keep it current. As a minimum, each position description shall contain the following:
 - (1) Title of the position.
 - (2) Knowledge required by the position.
 - (3) Supervisory controls.
 - (4) Complexity of the work.
 - (5) Physical demands of the work.
 - (6) Description of the work environment.

Copies of a pamphlet on how to write position descriptions shall be kept by the administrative

assistant to the Board of Selectmen. A copy of the position description shall be given to each employee and the administrative assistant to the Selectmen. The supervisor shall retain a copy, and a copy shall be included in each employee's personnel folder.

- g. When an employee is promoted into a new position, his/her new pay rate will be determined as follows:
- (1) Identify the person's present pay rate.
 - (2) Increase that rate by one step. If the person is at his/her top step in his/her former position, then add the step increment value (the step increment value is the amount of the difference between each step in the former position).
 - (3) By definition, a promotion must increase a person's pay to at least the figure identified in (2) above.
 - (4) To find the proper pay rate in the new position, select the lowest rate in the new pay scale that is not less than the figure derived in step 2.
- h. The salaries of town employees covered by this bylaw shall be listed on the seven (7) schedules described below. Each schedule shall list the classification title of each position (and the classification group as to Hourly Rate Positions) and the salary or salary range of each position.

Schedule A - Annual Rate Positions

This schedule shall list all positions that are paid at an annual rate and for which a salary range from minimum to maximum is listed.

Schedule B - Hourly Rate Positions

This schedule shall list all positions paid at an hourly rate and for which a salary range from minimum to maximum is listed.

<u>Years of Service</u>	
9 years...\$200.00	13 years.....\$400.00
10 years..... 250.00	14 years..... 450.00
11 years..... 300.00	15 years..... 500.00
12 years..... 350.00	

Permanent service may consist of continuous service or total service. If service is interrupted by layoff or other reasons not resulting from the employee's own action, total service will be considered as continuous service.

The annual longevity increment shall be paid from one payroll in the month of December, before Christmas, and will be based upon the years of service completed by the end of the calendar year.

ARTICLE 12. REGULATIONS FOR UNDERGROUND STORAGE FACILITIES

SECTION 1. AUTHORITY

This bylaw is adopted by the Town of Stow under its home rule powers, its police powers to protect the public health, safety and welfare and under powers authorized by Massachusetts General Laws Chapter 40, Section 21.

SECTION 2. FINDINGS

The Town of Stow finds that:

- a. The ground water underlying this town is a major source of its existing and future water supply, including drinking water. The ground water is integrally connected with, and flow into, the surface water systems which constitute recreational and economic resources of the Town. The foregoing conclusions are supported by findings set forth in the Interdisciplinary Environmental Planning, Inc. (IEP) Water Resources Study for the Town of Stow, October 28, 1977 and the maps provided therewith.
- b. Accidental spills and discharges of liquid products, materials or substances could threaten the quality of such ground water supplies and related water resources in Stow and in other Massachusetts towns, posing potential public health and safety hazards and threatening economic losses to the affected communities.
- c. Unless preventive measures are adopted to prohibit discharge of such liquids and to control their storage within the town, further spills and discharges of such materials will predictably occur, and with greater frequency and degree of hazard by reason of increasing construction, commercial and industrial development, population and vehicular traffic in the town of Stow.

SECTION 3. PURPOSES

The purposes of this bylaw are, through regulation of the design, construction, installation, testing and maintenance of underground storage facilities, to protect public health from the contamination of public and private water supplies due to leakage from such facilities, to protect the public safety from the dangers of fire and explosion associated with such leakage, and to protect the general welfare by preserving limited water supplies for present and future use in coordination with other regulatory provisions.

SECTION 4. DEFINITIONS

- 4.1 "Components" means piping, pumps and other related storage, conveyancing and dispensing elements that, together with one or more tanks and any cathodic protection or monitoring system, constitute a storage facility.

- 4.4 "Storage facility" means one or more tanks, at a particular site, together with its or their components, used, or designed to be used, for the underground storage of any liquid product, material or substance, except water, and shall include any cathodic protection or monitoring system used, or designed to be used, for inhibiting or detecting leaks from any element of the facility.
- 4.5 "Tank" means a structure, any part of which is used, or designed to be used, for the underground storage of any liquid product except water.
- 4.6 "Underground storage" means storage within a tank or components any part of which are below the surrounding ground level, but shall not include storage in a free-standing container within a building.
- 4.7 "Board" means Board of Health.
- 4.8 "Owner" means the person or persons or government entity having legal ownership of a storage facility.
- 4.9 "Operator" means the lessee, tenant or licensee of a storage facility or any other person or persons responsible for the daily operation of a storage facility.

SECTION 5. PERMITS

New Storage Facilities

- 5.1 Subsequent to the effective date of this bylaw, no storage facility shall be installed unless the owner shall have first obtained a permit from the Board of Health. This permit shall be in addition to any license or permit required by Massachusetts General Laws Chapter 148, as amended, or by any regulations issued thereunder. The fee for this permit shall be established by the Board of Health. The fee shall be filed with the application and made payable to the Town of Stow.

 - f. A statement supported by the manufacturer's documentation that the materials of each tank and its components are guaranteed by their manufacturers to be compatible with the specific liquid product, material or substance that the applicant proposes to store in such tank.
- 5.3 In a proposed storage facility, the applicant shall furnish a certificate, signed by a registered professional engineer, that the proposed facility meets all the design and construction requirements of this bylaw.
- 5.4 The applicant shall also furnish a plot plan of the site and the area surrounding it, prepared by a registered land surveyor or professional engineer, showing the location of each proposed tank and its components and any existing storage facilities and of any building on the site, and showing the approximate location of any public or private well and of any body of surface water and the aquifer and recharge areas as reflected on the Water Resource Protection District map, Town of Stow, Massachusetts, dated May 1, 1987 at a scale of 1 inch = 800 feet, on file in the office of the Town Clerk, within 1,000 feet of the proposed storage facility.
(amended 1/19/88)
- 5.5 If the Board of Health determines that the proposed storage facility constitutes a danger to a public or private water supply, whether by reason of its proximity to a public or private well, aquifer, recharge area or body of surface water, or for any other reason, the Board may deny the permit or may grant it subject to conditions which the Board determines are necessary to protect such water supply. The conditions may include, but are not limited to, such requirements as, for example, a double-walled tank or other secondary containment system, a monitoring system, testing at more frequent intervals than would otherwise be required under the testing for tightness of underground tanks section of 527 CMR 9.00, or continuing statistical analysis of daily inventory records. The Board of Health shall set forth the reasons for its decision in writing.

The Board of Health shall set forth the reasons for its decision in writing.
- 5.16 No replacement or substantial modification shall be made except by a contractor who has either been licensed by state authorities for work on underground storage facilities or has been certified by the manufacturer or a storage equipment association as qualified for that purpose.

ARTICLE 12. REGULATIONS FOR UNDERGROUND STORAGE FACILITIES

Renewal of Permits and Changes of Ownership

- 5.17 The owner of any new or existing storage facility for which a permit has been issued must apply to the Board of Health for a renewal of the permit at five (5) year intervals from the date on which the original permit was granted. The fee for renewal of such permit shall be established by the Board of Health. The fee shall be filed with the application and made payable to the Town of Stow. The applicant must also furnish evidence of the most recent testing as specified within this bylaw. The application for renewal must include any changes in the information required under subsections 5.2, 5.4 or 5.6. ARTICLE 15. RIGHT TO FARM

SECTION 1. Legislative Purpose and Intent

The purpose and intent of this Bylaw is to state with emphasis the Right to Farm accorded to all citizens of the Commonwealth under Article 97 of the Constitution, and all state statutes and regulations thereunder including, but not limited to, Massachusetts General Laws Chapter 40A, Section 3, paragraph 1; Chapter 90, Section 9; Chapter 111, Section 125A; and Chapter 128, Section 1A. The above-described agricultural activities may occur on holidays, weekdays and weekends by night or day and shall include the attendant incidental noise, odors, dust and fumes associated with normally accepted agricultural practices. It is hereby determined that whatever impact may be caused to others through the normal practice of agriculture is more than offset by the benefits of farming to the neighborhood, community and society in general. The benefits and protections of this Bylaw are intended to apply exclusively to those commercial agricultural and farming operations and activities conducted in accordance with generally accepted agricultural practices. Moreover, nothing in this Bylaw shall be deemed as acquiring any interest in land, or as imposing any land use regulation, which is properly the subject of state statute, regulation or local zoning law.

SECTION 3. Disclosure Notification

Not later than 21 days after the purchase and sale contract is entered into, or prior to the sale or exchange of real property if no purchase and sale agreement exists, for the purchase or exchange of real property, or prior to the acquisition of a leasehold interest or other possessory interest in real property located in the Town of Stow, the landowner shall present the buyer or occupant with a disclosure notification which states the following:

"It is the policy of this community to conserve, protect and encourage the maintenance and improvement of agricultural land for the production of food and other agricultural products, and also for its natural and ecological value. This disclosure notification is to inform buyers or occupants that the property they are about to acquire or occupy lies within a town where farming activities occur. Such farming activities may include, but are not limited to, activities that cause noise, dust and odors. Buyers or occupants are also informed that the location of property within the town may be impacted by commercial agricultural operations including the ability to access water services for such property under certain circumstances."

A copy of the disclosure notification shall be given on a form prepared by the Town and shall be signed by the prospective landowner prior to the sale, purchase, exchange or occupancy of such real property. A copy of the disclosure notification must be filed with the Board of Selectmen or its designee prior to the sale, purchase, exchange or occupancy of such real property. In addition to the above, a copy of this disclosure notification shall be provided by the Town to landowners each fiscal year by mail.

SECTION 4. Resolution of Disputes

the Town. The filing of the grievance does not suspend the time within which to pursue any other available remedies that the aggrieved may have. The Zoning Enforcement Officer or Board of Selectmen shall forward a copy of the grievance to the Agricultural Commission or its agent which shall review and facilitate the resolution of the grievance and report its recommendations to the referring town authority within an agreed upon time frame.

The Board of Health, except in cases of imminent danger or public health risk, shall forward a copy of the grievance to the Agricultural Commission or its agent which shall review and facilitate the resolution of the grievance and report its recommendations to the Board of Health within an agreed upon time frame.

SECTION 5. Severability Clause

If any part of this Bylaw is for any reason held to be unconstitutional or invalid, such decision shall not affect the remainder of this Bylaw. The Town of Stow hereby declares the provisions of this Bylaw to be severable.

This Bylaw restates the various protections afforded to commercial farms throughout Massachusetts state law and is intended to educate citizens that farming activities are valued in Stow. Our few remaining commercial farms provide essential components to maintain the character of the Town. The notification provisions of the Bylaw will enhance awareness relative to the value of agriculture in Stow. There are no new benefits or protections provided in this Bylaw beyond those contained in state laws.

Fines - The penalty for violation of this bylaw or an Earth Removal Permit shall be assessed to the property owner at \$200.00 for each offense.

In addition to the penalties provided for above, the violation of any provision of this Bylaw or any condition of a permit issued hereunder, may, at the discretion of the PERMIT GRANTING AUTHORITY, be punishable by the immediate modification or revocation of the permit. No permit shall be modified or revoked until the holder thereof has been given notice and an opportunity to be heard by the PERMIT GRANTING AUTHORITY.
